

Meeting 2

Tuesday 1st December 2015

Present: Oliver S, Oliver C, Jake, Mia, Luke, Eben, Raglan, Grace H and Mrs Puszczynska.

Absent: Georgina

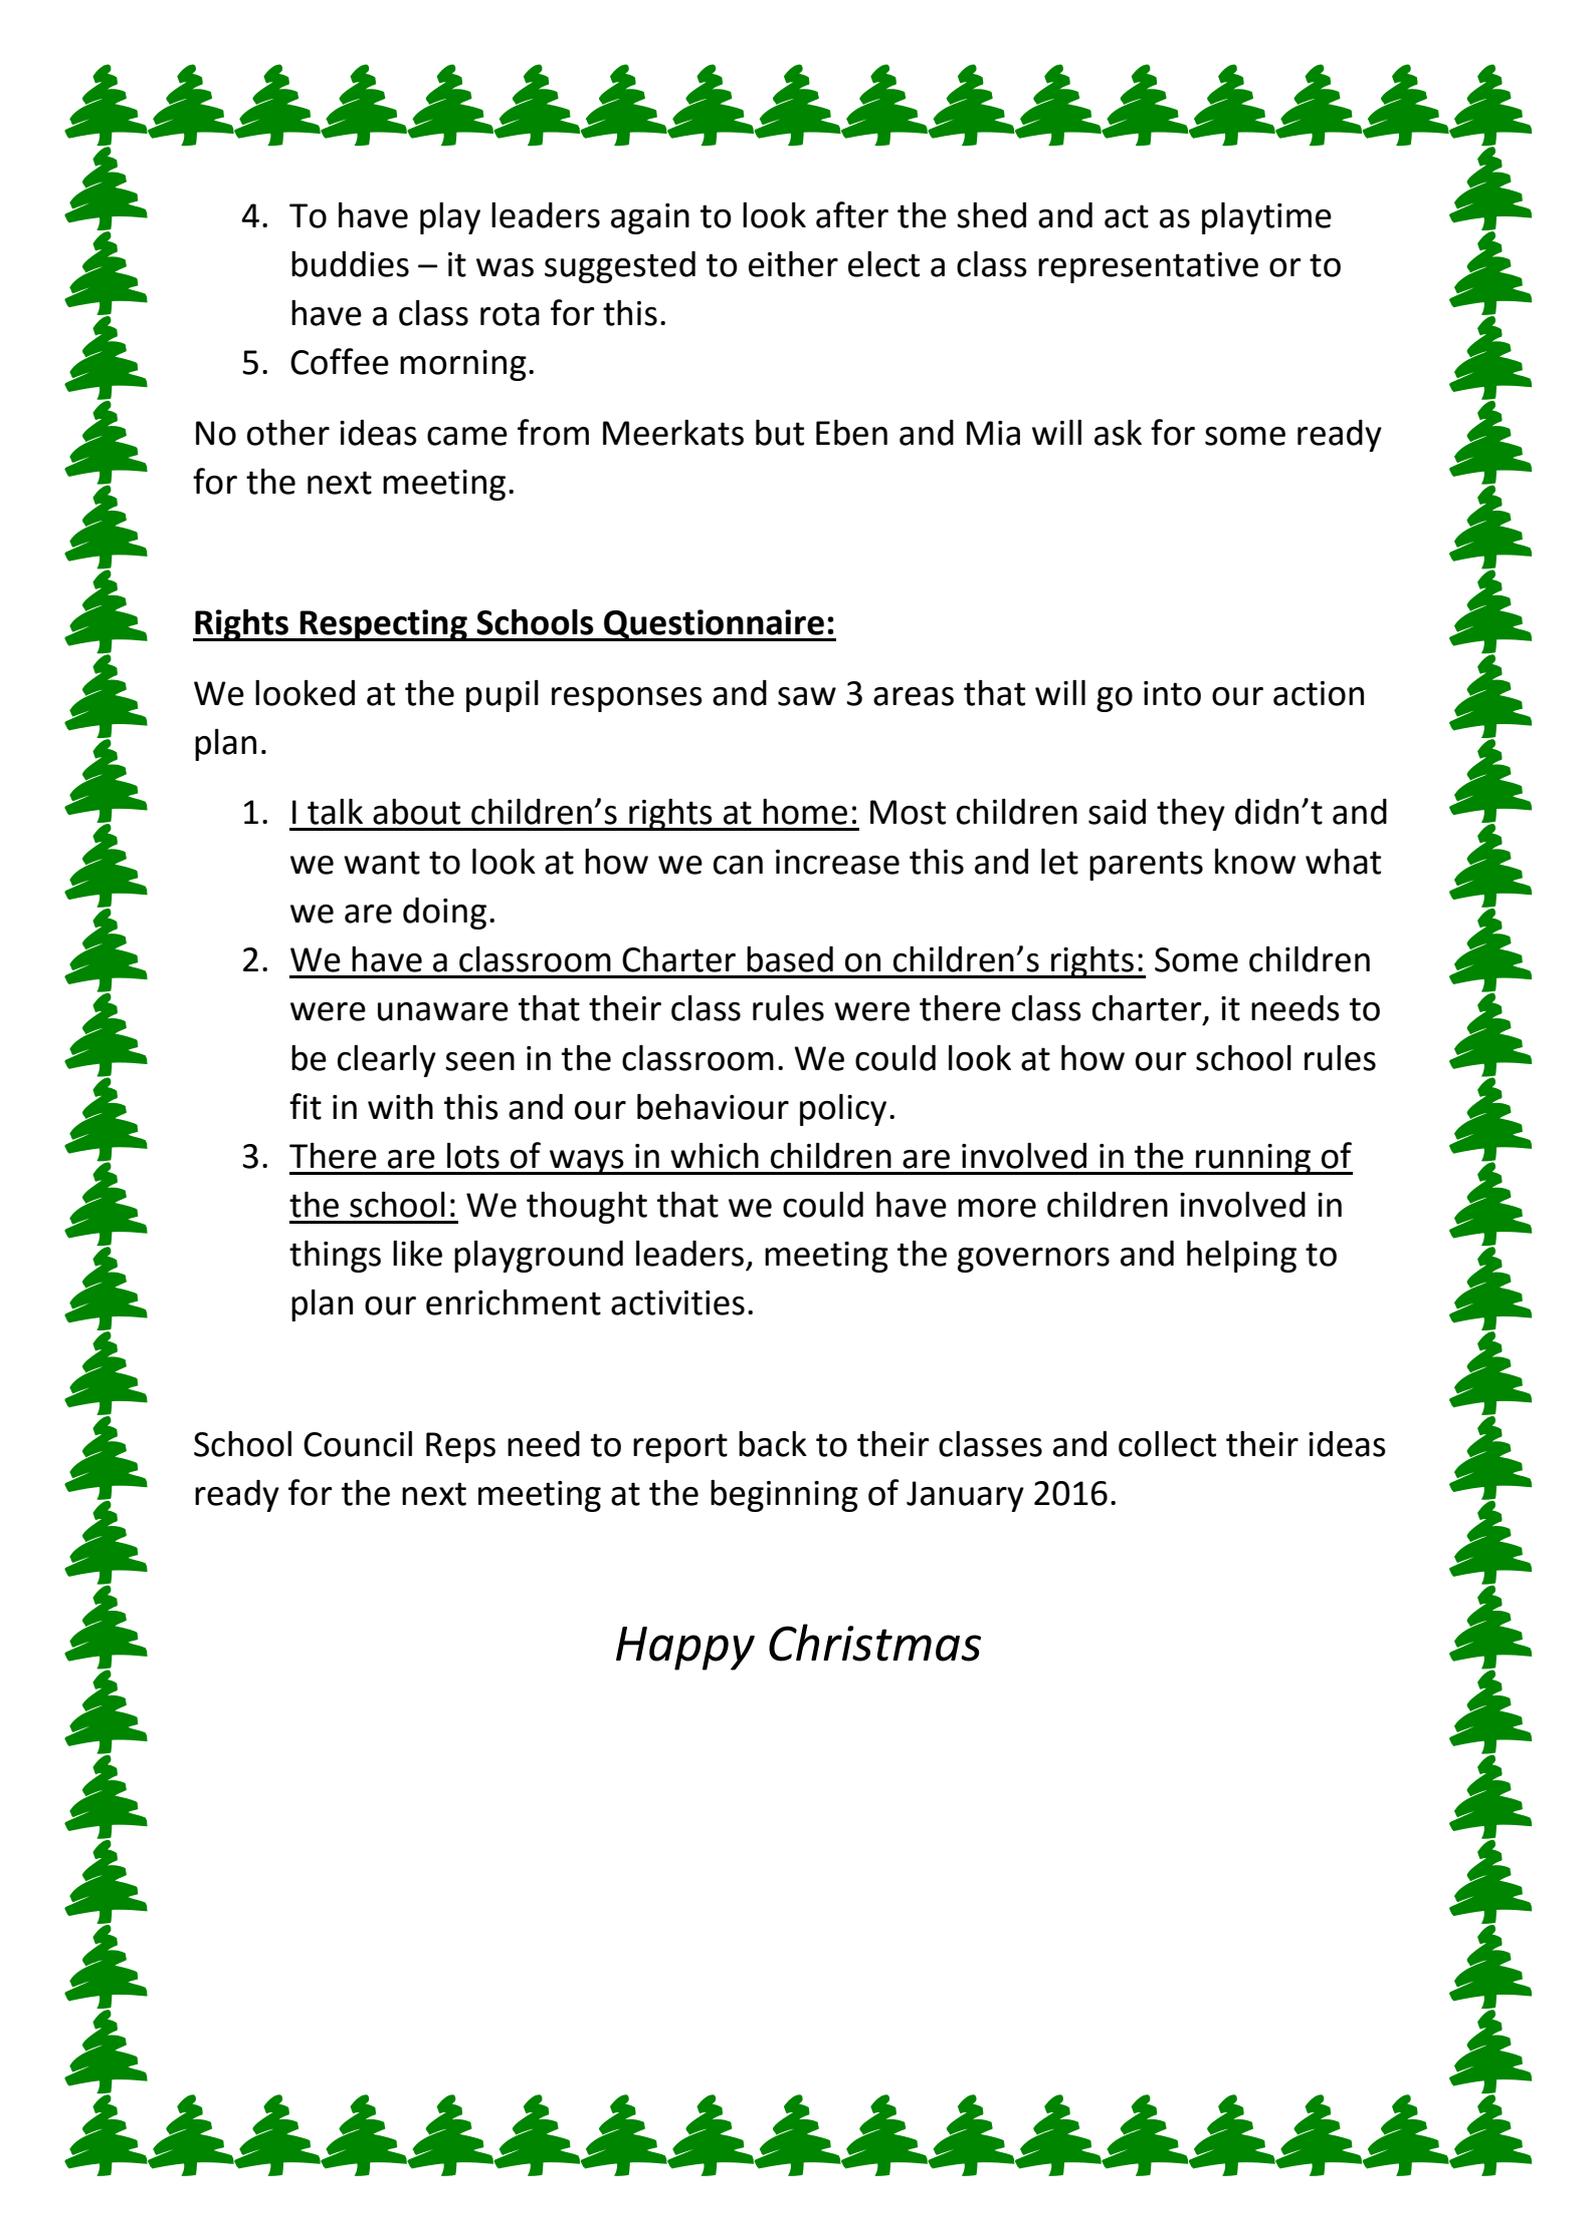

Ideas from the classes:

RHINOS

1. Lots of interest in starting a 5-a-side team – we decided to look into this as we need an adult to run it.
2. Fund raiser for the RSPCA
3. Start Golden time again – Mrs P to talk to teachers about this ready for January.
4. Party every month – It was decided this would not be a good idea.
5. Hold an Egginton has Talent show in the summer – Everyone liked this idea, Mrs P to discuss with the teachers.
6. Healthy food was mentioned- School Council reps to ask classes what they think we can do.
7. The idea of shin pads was mentioned again- it was agreed that playtime/lunchtime football should just be a kick about and so shin pads aren't needed.
8. To organise a school campout or sleepover – This will be discussed with the teachers by Mrs P.
9. Music to be played when everyone goes into assembly. To be started in January.

TIGERS

1. Work needs to restart on the wildlife garden – it was agreed that this should take place in the spring.
2. Children wanted to learn more about different countries – possible enrichment days on this.
3. The canopy to be decorated with children's work and art.

- 
4. To have play leaders again to look after the shed and act as playtime buddies – it was suggested to either elect a class representative or to have a class rota for this.
 5. Coffee morning.

No other ideas came from Meerkats but Eben and Mia will ask for some ready for the next meeting.

Rights Respecting Schools Questionnaire:

We looked at the pupil responses and saw 3 areas that will go into our action plan.

1. I talk about children's rights at home: Most children said they didn't and we want to look at how we can increase this and let parents know what we are doing.
2. We have a classroom Charter based on children's rights: Some children were unaware that their class rules were there class charter, it needs to be clearly seen in the classroom. We could look at how our school rules fit in with this and our behaviour policy.
3. There are lots of ways in which children are involved in the running of the school: We thought that we could have more children involved in things like playground leaders, meeting the governors and helping to plan our enrichment activities.

School Council Reps need to report back to their classes and collect their ideas ready for the next meeting at the beginning of January 2016.

Happy Christmas
