The Aim of the School In Relation To Improving Attendance

Egginton Primary School aims to work together with parents in order to ensure the achievement of high levels of attendance and punctuality for all pupils. If pupils are to gain the maximum benefit from the education provided for them at school, it is important that they attend regularly and punctually.

At Egginton Primary School we make parents aware of the clear link between high rates of attendance and high levels of attainment, and aim to establish high levels of expectation in our pupils in relation to punctuality and attendance.

The school aims to be above the national average for attendance for each academic year.

The Parents' Legal Duty

By law parents have a legal duty to ensure that their children receive an efficient full time education suitable to:-

- i) His/her age, ability, aptitude and
- ii) Any special educational needs he/she may have

through regular attendance at school. A parent includes any adult with whom the child normally resides. A child becomes statutory school age at the start of the term after their fifth birthday.

Leave of Absence Requests

“Amendments to the 2006 regulations remove reference to family holidays and extended leave as well as the statutory threshold of ten days. The amendments make clear that Headteachers may not grant any leave of absence during term time unless there are exceptional circumstances. Headteachers should determine the number of school days a child can be away from school if the leave is granted”

Due to the above changes in the law, from 1st September 2013, schools no longer have any discretionary powers to allow term time absence. Absence will only be authorised in “exceptional circumstances”, which do not include holidays being cheaper in term-time or family birthdays.

Any request for leave of absence must be made in writing to the Headteacher at least two weeks beforehand (see Appendix 2).

Children are required, by law, to attend school regularly. When children miss time from school it disrupts their education and affects their attainment. This is a particular problem if children are on holiday at the start of term/academic year or during exams.

Each request will be considered by the Headteacher. If a request is refused, and the child still incurs unauthorised absences, then the Local Authority’s Attendance Team can issue a Fixed Penalty Notice against the parent(s)/carer(s). (see Appendix 3)

Where children are absent without a request having been placed, but the school has reason to believe that they are on holiday, then a ‘challenge letter’ will be sent, and a Fixed Penalty

EGGINTON PRIMARY SCHOOL	
Policy for Attendance

Notice may be issued if the parent does not provide adequate proof that their child was not on holiday.

A Penalty Notice is £60 if paid within 21 days of issue, rising to £120 after this time. After 28 days of non-payment then the Local Authority will begin proceedings in the magistrates' court, which can lead to fines of up to £2500, parenting orders, community service and/or imprisonment.

The Local Authority may issue a Penalty Notice for any period of unauthorised absence regardless of wider attendance.

Authorising Absence From School

If a child is genuinely ill, the school will authorise the absence. However, a note from a parent is not an automatic right to authorisation. Unauthorised absences can lead to an offence being committed by parents.

Where a pattern of absence is noticed, authorisation will be used more cautiously and formal referrals to the local authority attendance officer will be made as appropriate.

The school may request evidence (appointment card, doctor's letter or prescription medication or, if the child is under the hospital or Child and Adolescent Mental Health Services(CAMHS), a letter from their consultant) before authorising an absence. If a child is off with illness or a health issue for a prolonged period of time (2 weeks) then it is the parents/ carers responsibility to present the school with written evidence from a medical professional to support why the child is not able to attend school. School will seek confirmation of this if it is not forthcoming. If medical evidence is still not received by the school, then the child's attendance will be recorded as 'Unauthorised.'

Unauthorised absences include: going shopping or for a hair cut; visiting relatives or having a family day out; absence for a birthday or party; the unavailability of a regular childminder or a sibling's illness.

The Headteacher will also refer to the NAHT document 'Guidance on authorised absence in schools' (October 2014) when considering whether to authorise absence for exceptional circumstances.

Registration and Punctuality

School starts at 8:55am and children should be in their class line at this time. Morning registration for pupils ends at 9:05am and the register in the school office is completed by 9.30am. Afternoon registration ends begins at 1.15pm and ends at 1:20pm. These times are when the registers close. A child arriving later than this must report to the school office where they will be marked in late.

Parental Contact

Parents must contact the school on the first day of absence by calling 01283 732748 by 9.30am at the latest. A note will be made in the register of the reason for absence, and the expected duration. It is expected that a message will be left on the answer-phone if the there

is no one available to take the call. A note when the child returns will also help to validate the absence. Where a pattern of sickness is established, the school may request that a medical evidence is provided.

Contact by a parent does not automatically authorise an absence. Absences for circumstances other than illness will be considered for authorisation depending on the individual circumstances.

For all children whose parents have not informed the school of a reason for absence, we will attempt to contact them by text or phone. However, it remains the parents' responsibility to inform the school.

Following-up Absence

Contact will be made by the school office, by approaching parents at the beginning or end of the day, or by telephone or letter. It should be noted that in the case of a number not being available, emergency contacts will be used. If a pupil is absent, every effort will be made by the school to ascertain the whereabouts of the pupil and to ensure that they are safe and well.

Registers are regularly monitored by the Attendance Lead and the Access and Attendance Officer. Where no reason for absence has been given by the end of each half term, absences will be recorded as unauthorised.

Sickness

Pupils are not expected to attend to school when they are not well enough to do so whether as a result of short term, long term or recurring illnesses. But they should not be kept away from school when they are well enough to go to lessons or when they have minor ailments which do not prevent them from taking part in their education. A useful rule of thumb is whether the ailment would keep parents/teachers away from work- if not then the child should be in school.

Parents of children with recurring absences for illness will be offered a meeting with the school nurse, who can also see children for a medical check-up, to support more frequent school attendance.

If a child has sickness or diarrhoea, they should be kept off school for a full 48 hours after the last symptoms.

If a child has head lice, once this has been treated, the child may return to school. This will be authorised for a half day only.

Where children miss long periods of schooling due to continued sickness absence or chronic conditions, work can be provided to undertake at home. However, this should not increase the workload of the child's teacher and **it should not be considered an alternative to receiving a full time education.**

Persistent Absenteeism

A pupil becomes a Persistent Absentee when they miss more than 10% of school sessions. This data has to be given to the Access and Attendance Team. All Persistent Absentees are

then monitored by the Attendance Officer, and support offered to parents to increase the child's rate of attendance.

The Local Authority may issue a Penalty Notice in cases where the absence rate continues above 10%. In serious cases, court action may also result. The maximum fine is £1000, and there is also the possibility of a custodial sentence.

Appointments

The school will need to see an appointment card or letter for hospital or dental appointments, etc; children will only need half a day absence for local appointments.

We discourage children missing school time through parental appointments and again, these will only be authorised depending on the individual circumstances.

Communication To Parents

In order to ensure that all members of the school community are aware of their responsibilities regarding attendance and punctuality, the school places information in the school prospectus and on the school website.

Attendance and punctuality issues are also regularly communicated through the school newsletter.

Where issues arise, the Headteacher will contact parents individually by letter or phone call. Where no improvement is made parents will be invited to a formal meeting.

Staff Responsibilities

By law the register must be taken twice a day in every class and each class teacher is responsible for ensuring that they do this.

The correct coding needs to be used (see Appendix 1) with teachers marking any unknown absence as 'N' and asking parents for a reason for absence on the child's return to school. Children cannot be marked present in advance.

Teachers who notice a pattern of absence (eg a child regularly absent on the same day of the week) should report this to the Attendance Lead (Headteacher).

Parents can expect the school, through the Attendance Lead, to keep them regularly informed of their child's attendance and punctuality record, and to offer support to increase their child's attendance and punctuality.

Governor Responsibilities

Governors may delegate much of the Attendance policy to the Headteacher and other school staff. However, by law they are responsible for ensuring its implementation in a fair and transparent manner.

All Governors should ensure that they are aware of the school's current, and target, absence figures, particularly in relation to Persistent Absenteeism.
