We are aware that the Brexit transition period ended on 31 December 2020 and, therefore, UK organisations that process personal data must now comply with the:

- DPA (Data Protection Act) 2018 and UK GDPR (General Data Protection Regulation) if they process only domestic personal data;
- DPA 2018 and UK GDPR, and the EU GDPR if they process domestic personal data and offer goods and services to, or monitor the behaviour of, EU residents.

We wish to comply with the Special Educational Needs and Disability Code of Practice: 0 to 25 Years, the Statutory Guidance for Organisations Who Work With and Support Children and Young People with Special Educational Needs and Disabilities and with sections 29, 34, 35, 66, 67, 68, 69 and 100 of the Children and Families Act 2014.

We have a duty to provide appropriate SEN provision for children and young people in order to meet their needs. It is also our duty to 'make reasonable adjustments for disabled children and young people, to support medical conditions and to inform parents and young people if SEN provision is made for them.' We must ensure that under no circumstance will we directly or indirectly discriminate against, harass or victimise disabled children or young people.

We believe it is our responsibility to publish all details of the SEN provision that we have available in the Information Report and to work with the local authority in compiling and reviewing the Local Offer. We believe that... 'Children have special educational needs if they have a learning difficulty, which calls for special educational provision to be made for them.

Children have a learning difficulty if they:

- have a significantly greater difficulty in learning than the majority of children of the same age: or;
- have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for children of the same age in schools within the area of the local education authority;
- are under compulsory school age and fall within the definition at (a) or (b) above or would do so if special educational provision was not made for them.

Special educational provision is 'additional to, or otherwise different from, the educational provision made generally for children of their age in schools maintained by the local authority, other than special schools, in the area.' (Education Act 1996)

When organising additional support, it is very important that we provide children with special educational needs and disabilities (SEND) a broad and balanced curriculum with regular access to all subjects and areas of learning. We believe that children with SEND should not be routinely segregated from their class teachers and peers but included as much as possible within their class.

Eginton Primary School

We believe we provide high quality teaching that is differentiated and personalised and that meets the needs of children and young people. We have high ambitions, set challenging targets, and track the progress of all pupils.

We will ensure that teachers and teaching assistants (TAs) are prepared for dealing with the challenges and complex difficulties posed by children with SEND by providing structured training on a variety of SEND issues. We believe teachers are responsible for children's learning and that teaching assistants will be used effectively to provide the necessary support for children with SEND within the classroom.

We are aware that depending upon their age and understanding we must discuss with pupils with SEND any decision that might affect them.

It is our intent to provide every child with the best education possible. Our objective in setting out the school's SEND policy is to make everyone aware that we want all pupils to benefit as fully as possible from the education provided within the school.

We cater for pupils who experience difficulties in:

- communication and interaction;
- cognition and learning;
- social, emotional and mental health difficulties;
- sensory and/or physical needs.

We strongly endorse both the Equality Act 2010 and the school admissions code of practice by ensuring that all applications to this school from parents of children who have SEND will be considered and treated fairly and in line with current guidance.

We are aware that current statistics clearly show that children with SEN or with a disability have a significantly high risk of being verbally abused or physically assaulted on either a daily or weekly basis by other children as they appear to be an easy target. We work hard to create and maintain a school environment of positivity where all children are taught to embrace and value difference.

We realise that, in many cases, pupils with SEND do not realise they are being bullied. We recognise that school personnel need to be made aware of what constitutes bullying, how to detect bullying behaviour and to have a greater knowledge of pupils with SEND.

We recognise the SEND code of practice is clear that SEND is everybody's responsibility that is headteachers, teachers, governors and other stake holders. We ensure that every teacher is a teacher of SEND and should not rely on the SENDCO or a teaching assistant to be responsible for pupils with SEND. Teachers are responsible for the progress and attainment of every pupil in their class.

We ensure the SENDCO coordinates provision and is a source of more specialist advice and guidance. Whereas the SEND governor ensures that SEND remains a strategic priority.

We support the aims of the Children and Families Act 2014 to ensure that services consistently place learners with SEND and their families at the centre of the decision-making process. We have in place a

Eginton Primary School

clear approach that involves the participation of children and young people and their parents/carers in making decisions about how best to support their SEND.

We believe for SEND provision to be effective it is important that we ensure the responsibility for SEND is shared equally among the SENDCO, headteacher, teachers, parents/carers and governors. We as a school community have a commitment to promote equality and we believe this policy is in line with the Equality Act 2010.

We all have a responsibility to ensure equality permeates in to all aspects of school life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. We want everyone connected with this school to feel safe, secure, valued and of equal worth.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that are connected with this policy.

We encourage pupils with special educational needs to understand their rights and to take part in:

- assessing their needs;
- setting learning targets;
- the annual review.

12. Graduated approach

We feel it is vital that pupils with special educational needs are identified at an early stage. Every teacher in this school is responsible for identifying pupils with special educational needs.

We will inform parents at the earliest opportunity of the school's concerns and to work in partnership with them to establish the support the child needs.

We will adopt a graduated approach coordinated by the SENDCO and using the following four stages of action: **Assess, Plan, Do and Review.**

Parents will be kept well informed of and involved in all four stages.

Assess

- Working with the SENDCO and the child's parents an analysis of the child's needs will be undertaken by the Early Years practitioner when trying to identify what SEN support is required.
- Support is put into place and is reviewed regularly to ensure that the support is matched to need.
- More specialist assessment will take place if there is no improvement in the child's progress.
- This will be organised by the SENDCO with the agreement of the parents.

Plan

- When it has been decided to provide SEN support all parties will decide:
 - the expected outcomes;
 - what interventions and support that is required;
 - the expected impact on progress, development or behaviour;
 - on a review date.
- Plans will take into account the views of the child.
- Parents will reinforce the provision by contributing to progress at home.

Do

- The SENDCO and the early years practitioner oversee the implementation of the interventions as part of the agreed SEN support.
- The early years practitioner supported by the SENDCO assesses the child's response to the action taken.
- The SENDCO offers continuous advice on the effective implementation of support.

Review

- The effectiveness of the support and its impact on the child's progress is discussed at the review meeting which is attended by the SENDCO, the early years practitioner and the child's parents
- The views of the child are also taken into consideration at this meeting.

Egginton Primary School

- In light of the child's progress and development, changes to the outcomes and support will be agreed by all concerned.
- A cycle of review meetings will continue with all parties attending in order to identify the best way of securing good progress.
- All parties will agree to any specialist involvement if a child continues to make less than expected progress.
- An education, health and care assessment may be requested if a child continues not to make the expected progress despite the amount of support and intervention that has been given.
- If a child has an education, health care plan the local authority must undertake a review annually.
- Detail records will be maintained by the SENDCO which will be available to the child's parents.

13. Medical Conditions

We have a duty under the Children and Families Act 2014 to support pupils with medical conditions. We are aware that individual education healthcare plans (EHCPs) will state the type and level of support required to meet their medical needs.

Accurate and up to date records will be kept that provide:

- evidence tracking data of pupil progress;
- evidence of outcomes and planned next steps;
- details of additional support or different provision made under SEN support;
- details of the involvement of specialists;
- evidence of involvement with parents;
- evidence that shows a rigorous approach to the monitoring and evaluation of any SEN support provided.

15. Range of Provision

The school aims to provide a variety of provision by way of:

- in-class support either individually or in small groups with specialist teachers and/or teaching assistants;

- work with other local authorities to investigate how different needs can be met more effectively;
- include pupils with SEND into all school activities;
- monitor the number of extra-curricular activities that they take part in.

17. Partnerships

We believe that a close partnership with parents will enable children to progress. Parents have a key role to play in the partnership between home and school as they have an exclusive overview of the provision needed for the child. Pupils with special educational needs will benefit from the school's close working relationship with the numerous external support agencies, which offer advice and support.

We feel that the provision for special educational needs in this school will benefit from the close links we have with other schools by the sharing of good practice and in making the transition between phases as smooth as possible for the pupils.

We will:

- treat all applications equally and we will not discriminate against pupils with SEND;
- admit those children with special educational needs but who do not have an EHCP;
- not refuse admission to children with special educational needs because we feel that we will be unable to provide the necessary support;

- a broad and balanced curriculum;
- a curriculum which is differentiated to their needs;
- a range of teaching strategies to meet their needs.

We will regularly celebrate the achievements of all children not just in English and Maths but in all curriculum areas and in all aspects of school life.

21. Complaints Procedure

Parents who have a grievance or complaint about the nature or amount of special needs that their child receives are encouraged to ask for a mutually convenient meeting with the school in order to resolve the

issue. The local authority must have in place 'arrangements with a view to avoiding or resolving disagreements between parents and certain schools about the special educational provision made for their child.' (SEN Code of Practice)

22. SEND Information Report

Annually, we will publish information about the implementation of the policy for pupils with SEND which will be easily accessible to parents and young people. The information must include:

- the kinds of SEND that are provided for;
- policies for identifying children and young people with SEND and assessing their needs, including the name and contact details of the SENDCO;
- arrangements for consulting parents of children with SEND and involving them in their child's education;
- arrangements for consulting young people with SEND and involving them in their education;
- arrangements for assessing and reviewing children and young people's progress towards outcomes including the opportunities available to work with parents and young people as part of the assessment and review;

- the approach to teaching children and young people with SEND;
- how adaptations are made to the curriculum and the learning environment of children and young people with SEND;

Under the Equality Act 2010, we have a duty not to discriminate against people on the basis of their age, disability, gender, gender identity, pregnancy or maternity, race, religion or belief and sexual

Eginton Primary School

orientation. We believe that this policy is in line with the Equality Act 2010 as it is fair, it does not prioritise or disadvantage any pupil and it helps to promote equality at this school.

26. Race Disparity Audit

We acknowledge the findings of the Race Disparity Audit that clearly shows how people of different ethnicities are treated across the public services of health, education, employment and the criminal justice system. The educational section of the audit that covers: differences by region; attainment and economic disadvantage; exclusions and abuse; and destinations, has a significant importance for the strategic planning of this school.

27. Monitoring the Implementation and Effectiveness of the Policy

The practical application of this policy will be reviewed annually or when the need arises by the coordinator, the headteacher and the nominated governor. A statement of the policy's effectiveness and the necessary recommendations for improvement will be presented to the governing body for further discussion and endorsement.
