

# EGGINTON PRIMARY SCHOOL

## SPORTS PREMIUM FUNDING

### **School Sports Funding - What is it?**

From April 2013, the Government has providing additional funding for Physical Education (PE) and sport to improve the quality and breadth of PE and sport in schools. Physical education will leave students with a legacy of success, facilitating a healthy and active lifestyle.

This Sports Premium funding will be ring fenced to be used for sport and PE, and schools will be able to determine what they believe to be the most appropriate use of this funding.

Funding will be allocated through a lump sum for each school and a per-pupil top-up mechanism.

Egginton Primary School received sports funding £16,548 in the 2023/24 academic year.

Egginton Primary School is estimated to be receiving be sports funding £16,430 in the 2024/25 academic year.

### **PE Vision Statement**

At Egginton Primary School we value and celebrate the role of PE and sport has in the education, enjoyment and well-being of our pupils.

We ensure the provision is of high quality and allows all children to reach their full potential. We have benefitted by working in close partnership with external agencies 'Premier Education' and the South Derbyshire Active Sports Partnership during the 2023/24 academic year.

We provide continuous professional development (CPD) for staff involved in the delivery of PE and school sport, and work alongside clubs to provide strong links and effective pathways into activities outside of school.

Action	Impact
Develop staff training and confidence in delivering their own PE lessons	Most pupils have made expected progress in all areas of PE. Staff have continued to have opportunities to develop skills and practice through observation of specialist coaches. Key Stage 2 teachers and teaching assistants have worked alongside Bikeability coaches to develop their knowledge and skills of teaching cycling and road safety. Year 5/6 pupils participated in a Bikeability course in Summer 2024.
Improved engagement with inter-school sports competitions & enrichment experiences	School have subsidised the provision of range of after school sports competitions for all year groups including transportation. The uptake has been positive with many pupils participating in competitions including fencing, archery, boccia, handball and athletics – we have also been successful in winning three of these (archery, boccia and athletics). The Bikeability sessions proved to be very successful with many pupils becoming more confident when cycling on the road, including some Y4 pupils who could not ride a bike before the sessions and could afterwards. We also entered ‘Beat the Street’ – an inter school event, promoting health and fitness across the county through walking. Our school won a trophy and prize for having the best average individual score - £75 to spend at Decathlon.
Resources and equipment for active playtimes and lunchtimes	A variety of additional resources have been purchased to enhance PE lessons and after school clubs such as footballs, basketballs and basketball posts. We have also purchased some brand-new cricket sets and football goals which have had a huge impact in engaging pupils at playtime and lunchtime, especially the basketball equipment.
Develop outdoor classroom area and use of local allotment to improve physical strength and a love of the outdoors	The allotment issued regularly by the pupils as enrichment. Pupils have planted and harvested during onions, carrots and potatoes to use as part of their curriculum learning. We also planted pumpkins and sold these to families at Halloween. The children love the physical nature of being outdoors. The garden area has also been revamped to include a trim trail, planters, story tellers chair, planters, benches, tables and a chalkboard for outdoor teaching and learning.
Improve the attendance of pupils (particularly Pupil Premium) at extra-curricular clubs and activities	School have subsidised the provision of range of after school sports clubs for all year groups. The uptake has been much more positive than in previous years due to the range of sports we have made available to pupils – sports that they would not ordinarily have access to in the PE curriculum. Parents have also given positive feedback regarding the engagement of the pupils.
Additional Swimming sessions for Year Groups not in Y6 in order for future Y6 pupils to achieve the expected standard.	This has had high impact in terms of access to swimming lessons across the key stage. Y3, 4, 5 and 6 have all had weekly lessons for two terms which we believe will improve the likelihood of all pupils being able to achieve the required standard in swimming by the end of Y6

## Key Stage 2 Swimming Outcomes – 2023/24

We have a statutory duty to report our end of KS2 swimming outcomes for the pupils in our school. At the end of the 2023/24 academic year 80% of our pupils could swim competently, confidently and proficiently over a distance of at least 25 metres.

80% could use a range of strokes effectively [for example, front crawl, backstroke, and breaststroke].

80% were able to perform safe self-rescue in different water-based situations.
